### Why We ♥ Muskegon State Park

TRAIL NOTES

This park is worth a day trip, or if you're more hearty, try a night of winter camping. The park stays open year around and permits overnights. Winter activities include snowshoeing, xc skiing, ice skating, sledding and a winter luge! Yes, you can actually take luge lessons and take your turn on the ice slide. Combine as many of these activities as you can into one or two days and make your visit into a fun little winter vacation not too far from home.

### Campsite Options, Entry Fees, & Parking Costs

Designated camping 20 rustic sites in the park

**“Designated”** - Campsites set aside in more remote areas but lack the conveniences of frontcountry campsites. Some will have lean-tos or shelters in addition to tent sites. These sites often have outhouses and sometimes fire rings. Be prepared to filter your own water.

**Daily snowshoe rental:** \$5 week days or \$8 weekends
